Compiler Quiz 02 (LL(1) Parsing) · Autumn 2026 · Total marks 15 · Time 20 min

Question paper

1. Write the First() and Follow() of the following Grammar. Draw LL(1) Parsing Table and parse the string `int id , id ;` showing all steps. If parsing is not possible, point out the reasons. Here, Non-terminals = {D, T, L, L'}, Terminals = {;, int, char, id, ,, ε}, and Start symbol = {D}. **[15]**

```
D → T L ;
T → int | char
L → id L'
L' → , id L' | ε
```
